

Our **family law** specialists deal with the legal aspects of family problems in a practical, clear & supportive way. We never lose sight of the long-term interests of children or the family.

Practical, clear & supportive

Dealing with the legal aspects of a relationship or family breakdown requires a thorough knowledge of the law and a tactful, understanding approach.

Our specialist family lawyers are all members of Resolution and include industry leaders in family law. We pride ourselves on providing all of our clients with a discreet, high quality and responsive service, supported by two alternative ways to resolve difficulties practically and efficiently – mediation and collaborative law.

- domestic violence & injunctions.

We listen and question in order to understand our clients’ circumstances, needs and objectives. We draw upon our experience to provide practical insight and relevant advice to all our clients, applying common sense to their situation and responding in an informed, straightforward manner. We are very proud that our knowledge and ability is endorsed by the UK’s independent guides to the legal profession, Chambers UK and Legal 500.

Clients benefit from the support and collective experience of the firm. As well as family law, we offer a strong network of lawyers to provide a comprehensive service, including the provision of wills trusts and tax planning, buying or selling a home as well as details of counsellors, mediators, forensic accountants and enquiry agents.
